

ONTARIO Vaccination Passport FAQ's:

The Ontario Government [announced](#) that starting September 22, 2021, they will require patrons of our facilities to be fully vaccinated and provide proof of vaccination status to gain access.

What changes are happening on September 22nd and how will it affect my MOVATI Membership?

As of September 22, 2021, Ontarians will need to be fully vaccinated (two doses plus 14 days) and provide their proof of vaccination as well as proof of identity (such a driver's licence or health card) in order to access MOVATI clubs in Ontario.

Is MOVATI going to require a vaccination passport for entry into the club?

Yes. As of September 22, 2021, members will need to be fully vaccinated in order to access MOVATI clubs in Ontario.

What qualifies as "fully vaccinated"?

In order to be considered fully vaccinated, a member must have received two doses, and 14 days must have elapsed since the second dose.

What will be required for entry on September 22 and beyond?

Upon their first visit to an Ontario MOVATI club, members will need to show proof of vaccination along with a government issued photo as proof of identity (such as a driver's licence or health card). This will only be required on the first visit after which you can freely visit the club without delay. We do, however, reserve the right to perform future random spot-checks to confirm the accuracy of your vaccination history and this may include you having to produce confirmation through your enhanced vaccination certificate.

If I am not fully vaccinated by September 22, will you put my account on hold?

MOVATI will not be placing any accounts on hold in response to the mandatory requirement for proof of vaccination recently announced by the Ontario Government.

You will have the option to freeze your account for \$10+ tax bi-weekly or \$21.67 + tax monthly until December 31st, 2021. For further information regarding your return to the club please [contact us](#).

What do you require for people who cannot be vaccinated?

The only exemptions permitted to enter are for unvaccinated people with medical exemptions and people under 12 years old. Individuals who cannot receive the vaccine due to medical exemptions will be permitted with a doctor's note until the medical exemption can be integrated as part of a digital vaccine certificate.

Will we only have to show proof of vaccination once or every time we visit?

Once we have validated your vaccination status you will be able to enter the club freely without further delay. We do, however, reserve the right to perform future random spot-checks to confirm the accuracy of your vaccination history and this may include you having to produce confirmation through your enhanced vaccination certificate.

Will you continue to charge members if they are not vaccinated?

If by September 22nd you are not fully vaccinated and without medical exemption, you will have the option to freeze your account for \$10+ tax bi-weekly or \$21.67 + tax monthly until December 31st, 2021. For further information regarding your account please [contact us](#).

What is required for proof of vaccination?

Currently, vaccine receipts are available in PDF form to be downloaded or printed to your computer, phone or tablet. Ontarians who received their first or second dose of the COVID-19 vaccine out of province should contact their local public health unit to record their information and receive proper documentation. Both proof of identity along with proof of vaccination will be required. Individuals can provide proof of immunization by downloading or printing their vaccine receipt from the [provincial booking portal](#), or by calling the Provincial Vaccine Booking Line at 1-833-943-3900.

What if I don't have a phone or a computer?

Ontario will develop and provide additional tools to improve user experience, efficiency and business supports in the coming weeks, including establishing alternative tools for people with no email, health card or ID.

What if I don't want to disclose my vaccination status?

It is the discretion of the individual to determine whether they would like to disclose their vaccination status. Should they make the decision not to divulge this information, they will not be permitted to access MOVATI clubs. Members will have the option to freeze their account for \$10+ tax bi-weekly or \$21.67 + tax monthly until December 31st, 2021.

Will MOVATI employees be fully vaccinated?

Unless otherwise required by a local public health unit, the Government of Ontario has not extended the proof of vaccination mandate to include existing employees of our facilities. However, MOVATI does require proof of vaccination for all new hires, and we continue to strongly encourage vaccination for existing employees. Also please understand that we are legally forbidden from disclosing the vaccination status of our employees. MOVATI continues to comply with all other Government mandated safety measures including daily self-assessments, masking and safe distancing.

Does a previous COVID-19 infection allow you access to the club?

No, a previous infection is not a substitute for being fully vaccinated.

How long will the vaccination requirements be in place?

The Government of Ontario insists that vaccine credentials are a temporary measure to address health and safety in the COVID-19 pandemic. How long they are necessary will be monitored and evaluated based on data and the advice of the Chief Medical Officer of Health.

How will the government enforce the requirement for proof of vaccination?

Consistent with current practices under the Reopening Ontario Act, Movati will be subject to enforcement measures conducted by by-law officers.

Will a recent negative test be sufficient to gain access if I am unvaccinated?

A negative COVID-19 test, or recent COVID-19 infection will not entitle a person to enter MOVATI.

What changes on October 22nd?

An enhanced vaccine certificate, as well as a verification app to allow businesses to read the QR code, will be available beginning October 22.

Will members be required to revalidate after the October 22nd enhanced validation procedure?

Once we have validated your vaccination status you will not be required to revalidate on October 22nd. We do, however, reserve the right to perform future random spot-checks to confirm the accuracy of your vaccination history and this may include you having to produce confirmation through your enhanced vaccination certificate.

I don't want to freeze I want to cancel.

Please [contact us](#) to discuss your options.
