

This letter is to inform you of MOVATI's plan to ensure your safety and maintain a quality fitness experience in response to recently [announced new health measures by the Government of Alberta](#).

As you may have heard, Alberta has developed new, temporary guidelines and requirements to help stop the spread of COVID-19 and reduce its impact on the health care system. In developing MOVATI's response plan, **our top priority is the safety of our members and team while providing the best possible service with minimal disruption**. As a result, we will be implementing the Alberta Government's [Restrictions Exemption Program](#) requiring proof of vaccination to gain entry into the MOVATI Windermere club starting Monday, September 20, 2021.

Effective September 20<sup>th</sup>, all members and guests of MOVATI Athletic in Alberta over the age of 12, will be required to produce proof of the following documentation, for visual inspection only, in order to gain entry:

- Partial vaccination (one dose) accepted between September 20 to October 25 if received 2 weeks before time of service
- Full vaccination (two doses) required after October 25
- A privately paid negative PCR or rapid test within 72 hours of service (tests from AHS or Alberta Precision Laboratories not allowed)
- Documentation of a medical exemption

To access your vaccination records, [click here](#).

## **WE INVITE MEMBERS TO CHECK-IN AT OUR EXPRESS SERVICE TABLE, STARTING SEPTEMBER 20<sup>TH</sup>, TO HAVE YOUR VACCINATION STATUS VALIDATED.**

For convenience, an Express Service table has been set-up within the club lobby where MOVATI team members will be on hand to process your proof of vaccination status. Our intent is to get you to your work out as quickly as possible, but please allow for extra time if you have a Group Fitness or Personal Training Session time booked.

Members will be required to display their [vaccination receipt](#) (either digitally on their mobile device or as a physical copy) or proof of a negative PCR or rapid test within 72 hours of entry along with identification issued by an institution or public body, which includes your name and date of birth. Examples include Birth Certificate, Driver's Licence, Health Card or Passport. Our team members must confirm that the name and date of birth on the vaccination or test receipt matches the name and date of birth on the identification.

This is a **one-time process if you have had your 2<sup>nd</sup> dose of vaccination** (+14 days must have elapsed since your second dose). Once proof of vaccination has been established, if you consent to MOVATI retaining a record which confirms your proof of vaccination, you will no longer be required to provide proof of vaccination and identification for future visits.\*

**If you have only had a single dose vaccination or no vaccination with a negative PCR or rapid test result you will need to check in each time you visit the club.**

For FAQ's about MOVATI's Proof of Vaccination Requirement, please [click here](#).

We understand that this may be a difficult situation for some members, but we must continue to make all efforts to **keep our members and employees safe and our Club open while providing the best possible fitness experience** you expect.

Whether online, or in-club, **please be tolerant and kind** when interacting with our MOVATI team members.

We are committed to making every MOVATI visit a welcoming experience.

In good health,

Your MOVATI Team

\*We reserve the right to perform future random spot checks to confirm the accuracy of your vaccination history and this may include you having to reconfirm your vaccination status.
